

Accommodation in the town.

Our holiday starts on Friday. On Friday I arrive with my family to a small town in the mountains. We would like to spend weekend and holidays in the mountains. But we have a problem with an accommodation. We want to ask for a hotel. But the hotel is full. We want to stay in a camp – in a collage or in a tent. But the camp is closed. Our friend offers my family accommodation in his flat. We are happy.
